## CONGRESS ACTIVE

Two Important Measures Up For Consideration Of Legislators.

## WEEK IN THE SENATE

Chinese Exclusion Bill Will Probably Be Disposed Of in a Couple Or Three Days.

Philippine Government Bill Will Then Hold the Floor—The House Program.

## WASHINGTON, April 7.—

The expectation of the friends of the Chinese exclusion bill is that its consideration by the senate will be concluded by the middle of the present week, if not before. The Philippine government bill will be taken up immediately afterward. This bill will probably occupy attention for a considerably longer time than has any measure since the Philippine tariff bill was passed, and the Democratic members of the committee on the Philippines are now very industriously engaged in preparing for the debate. They do not profess to be able to defeat the measure, but say they will make strenuous efforts to secure material amendments. They object to various features of the bill and will charge that its primary purpose is to permit the granting of franchises. They also will take exception to the unequalled continuance of the administration of the affairs of the archipelago without making any provision looking to any form of self-government for the Philippine people. Other points of controversy will be the disposition of the friars' lands and of the public lands. Strangely enough, in view of recent controversies the currency provision for the present at least seems to be the one feature on which there is harmony among all factions.

Senator Lodge, as chairman of the Philippine committee, will have charge of the bill but will make no preliminary explanations of its provisions. He will seek to have the senate proceed immediately to the consideration of the details of the measure. At least all early speeches on the bill will be made by members of the minority of the committee, but which of them will lead off has not yet been decided. All of them are preparing set speeches and expect the assistance of other Democratic senators in the general debate. They count upon devoting two or three weeks to the bill.

## IN THE HOUSE

### Great Battle Over Cuban Reciprocity Opening Up There.

Washington, April 7.—The great battle over Cuban reciprocity which created such a protracted struggle among the Republicans, both in caucus and in the committee on ways and means, will be fought out on the floor of the house this week. The ultimate passage of the Payne bill providing for a 20 per cent reduction on the products of Cuba after the negotiation of a reciprocity treaty and the enactment of our immigration laws by the republic of Cuba is regarded as a foregone conclusion, but the situation is a complicated one owing to the divisions among the Democrats as well as the Republicans. How far the Republican opponents of the proposed legislation will carry their opposition is not definitely determined. The strength of this opposition has dwindled until it probably numbers less than 30. On the other hand, up to the present time, a large majority of the Democrats favor the greatest possible freedom of trade with Cuba and would vote for a deeper cut than the ways and means bill proposes.

It is hinted that the attitude of the Democrats in the senate who have fixed on a program of opposition there is more unity of action on the part of the Democrats of the house. Some of the Republican opponents of the bill will speak against it, but the leaders of the Republican opposition show a strong disinclination to participate in the debate on the ground that there is no hope of defeating the bill and that their speeches would become Democratic campaign material in the coming congressional campaign. The bill will be brought up tomorrow as a revenue bill, which is privileged under the rules, but no special order will be brought in for its consideration. The leaders on both sides estimate that not more than three days will be consumed in general debate. The real fight will come subsequently when the bill is read for amendment under the five-minute rule. The only amendments which will be held to be germane and in order will be those increasing or decreasing the amount of the concession, and the leaders feel reasonably safe in the prediction that the caucus decision for 20 per cent reduction will stand. It is their hope that on the final vote the bill will be passed by Republican votes.

## DETAILS COMING IN

### Doonbalt Farm Engagement One of Finest of Series.

Klerksdoorp, Transvaal Colony, Apr. 7.—Details received of the battle at Doonbalt farm, in which the British had three officers and 24 men killed and 19 officers and 121 men wounded, while the Boers had 137 men killed or wounded, show that quite 2,000 Boers opened a strong attack from different points, with three guns and a pom-pom. This attack was made at a moment when the British had left their luggage in a laager in charge of the Canadian contingent and were galloping across the open plain with the intention of capturing a Boer convoy which had been discovered five miles ahead. The British fired steadily and, having dismounted, opened a return fusillade on the Boers.

While the luggage in charge of the Canadians was sent for, the British formed a camp and started digging trenches. The shelling of the Boers stampeded the mules and caused confusion, but otherwise it was not very effective, as many shells failed to explode.

The Canadians' front was attacked in strong numbers, but they gallantly repelled every attempt made by the Boers to break through. One party of the Canadians fought until all were killed or wounded, and the last man of this party, although mortally wounded, emptied two bandollers of cartridges at the enemy and then broke his rifle. The fighting was severe and general for fully three hours, but after the British had entrenched and the guns got into action, the forces repelled numerous and determined attacks made under the personal exhortations of the Boer leaders. Toward night the fire gradually ceased and the Boers retired. The British then telegraphed for aid, and further entrenched their camp for the night, to await the arrival of General Kitchen, but the Boers made no attempt to renew the attack.

Commandant Pretorius, who was captured the previous day in a Cape cart, was in charge of some national scouts. The scouts rode into a party of Boers dressed in khaki, supposing them to be British troops. The Boers opened fire and Pretorius escaped in the confusion. One report says he was shot as he fled. Commandant Prinsloo is also reported to have been killed in the fighting, as well as other Boer officers. The British wounded who fell into Boer hands were well treated by the enemy.

## MANILA ADVICES

### Rifles Being Turned In Daily in Island of Luzon.

Manila, April 7.—General Jacob H. Smith, commanding the American forces on the island of Samar, has arrived here to testify in the case of Major Waller of the marine corps. General Smith said he considered Guevera, the rebel leader in Samar, who is to surrender April 15, a man of energy and intelligence, and that the armistice in Samar was being faithfully kept.

Conditions in the provinces of Batangas and Laguna, Luzon, are satisfactory and rifles are being turned in daily. There has been a total of 166 cases and 119 deaths from cholera here since the disease first broke out.

## Two Cardinals Present.

Baltimore, April 7.—The silver jubilee of Pope Leo XIII was observed with solemn and unusually elaborate services at the cathedral Sunday. The ceremony was marked by the presence of two cardinals. Cardinal Martinielli, the apostolic delegate who came over from Washington to take part in the services, pontificated, and Cardinal Gibbons preached the sermon. Notwithstanding the inclemency of the weather a large congregation was present.

## Long Strike Ended.

Scranton, Pa., April 7.—Scranton's six months' streetcar strike is at an end, and the men returned to work this morning. An agreement was signed last night by General Manager Silliman and the executive board of the strikers. All the men are to be taken back as quickly as possible at the advance in wages recently announced by the company.

## Fatal Blaze.

Boyer City, Mich., April 7.—Last evening a frame dwelling occupied by two families was destroyed and four persons were burned to death.

## TERSE TELEGRAMS

Municipal and township elections are being held throughout Ohio today.

During the New Orleans winter race meeting \$25,222 was distributed among 236 winning owners.

During the fiscal year 1901 foreign countries purchased American farm products to the value of \$92,000,000.

President Roosevelt has been invited to attend the great triennial Sunday-school convention, to be held in Denver in June next.

Forty vessels have been reported missing at Yokohama since the storm of April 5 and there have undoubtedly been many fatalities at sea.

Bruneau Varilla, president of Le Matin of Paris, is in America for a rest from journalistic labors and will devote several weeks to a tour of the country.

Most sensational charges are made by the grand jury, which has been investigating bribery and official corruption in the municipal assembly at St. Louis.

While a Grand Trunk passenger train was passing through Millets, Mich., the rear coach and the Pullman sleeper were thrown off the track. One person was killed and five injured.

The jury system in police courts throughout Cuba has been abolished by the secretary of justice. The audiencia court asked for the abolition of the system, as it had proved to be a failure.

Gasper Kruger, the eldest son of President Kruger and 21 more relatives of Mr. Kruger bearing the same family name, are among those who have recently taken the oath of allegiance to Great Britain.

## A DRY OLD TOWN

New York Treats Itself To a Genuine Sunday Surprise Party.

## POLICE ON LOOKOUT

Not For Years Has It Been So Hard To Get a Drink in Gotham As On Sunday.

A Few "Blind Pigs" Prove the Rule That the Law Is Going To Be Enforced.

## New York, April 7.—

The police and the liquor dealers gave greater New York a "dry" Sunday yesterday. Though there were degrees of dryness, so to speak, in different sections of the metropolis, the day has no equal in the suspension of the liquor traffic since five years ago, when Superintendent Thomas F. Byrnes tightly closed the saloons one memorable Sunday. On that occasion those seeking spirituous refreshment were compelled to resort to places outside of Chief Byrnes' sphere of influence. His task, however, is said to have been easier than that which confronted the police yesterday, for he had no Raines law hotels with their sandwiches to contend with. Unquestionably the driest part of New York yesterday was that section where last Sunday the "second platoon" of police made so many arrests. This is known as the West 37th street police precinct. Only one alleged violator of the excise laws was found yesterday by the lynx-eyed officers, and only two or three Raines law hotels opened their doors, and proprietors saw that the law was closely observed.

## In the Tenderloin, now known as the

"White Light" district, liquor was sold but only under conditions which proved drawbacks to many of the thirsty. In many of the saloons the shades were drawn in the barrooms, but it is said that improvised bars were established in upstairs rooms. In a few places the proprietors are alleged to have established what is known as the "Kansas speak-easy" or "blind pig," consisting of a circular opening in a wooden partition, into which was fitted a round board arranged so as to swing about. On each side of the round door was a shelf on which the bartender could serve drinks to the waiter without being seen, and even if the police had succeeded in getting in, they could not have arrested the bartender, as no one could see him. The customer simply placed his change on the little shelf and then rapped, at the same time calling his order. A moment later the little door would swing around, and on the shelf on the reverse side of the circular door the customer would find the desired drink.

Drinks were served all day in the dining rooms of the big Broadway and Fifth avenue hotels, and although they were sold within the prescribed hours, no attempt at interference was made. No one, however, was permitted to sit down and order a drink, even though he ordered a sandwich at the same time. The hotel folk insisted that something akin to a substantial meal at least be ordered.

For the first time in many years, the saloons in the residence section in upper Harlem were all closed. Despite the excise excitement in the city from time to time, the liquor dealers in that section have kept open. On the Bowery it was exceedingly hard to get a drink. The saloon keepers were not ready to take chances of arrest, and for the most part kept their doors locked. In Brooklyn and other parts of Greater New York the closing law was generally observed.

The police also compelled the small shopkeepers throughout the city to close, except that the grocers and delicatessen shops were permitted to keep open until 10 o'clock as provided by law. For the first time in years the small drygoods shops in the upper part of the city had their doors locked and the stationery stores and newsstands were also compelled to close up in many sections of the city. In some instances the police even entered the confectionery stores to close.

## An Alabama Incident.

Tusculum, Ala., April 7.—Three men are dead, three mortally wounded and four seriously wounded as the result of Sheriff Gassaway's attempting Sunday to arrest Will Reynolds, a desperate negro. All the casualties except the death of Reynolds himself are the result of the deadly fire of Reynolds with a 45-caliber Winchester. The negro was in his turn riddled and thrown into a fire. Several horses were killed in the battle.

## Painful Accident.

Champaign, Ill., April 7.—President Andrew S. Draper of the University of Illinois and Mrs. Draper were thrown from their carriage while driving Sunday afternoon, and the president's left leg was broken above the knee. Mrs. Draper escaped serious injury.

## Negro Lynched.

Lynchburg, Va., April 7.—James Carter, a young negro, who shot and seriously wounded Don Thomas near New Glasgow in Amherst county Thursday night, was taken from jail at Amherst Courthouse Saturday night and lynched.

## SANGUINE CANDIDATES

### Hope Springs Eternal in the Breasts of Present Aspirants.

Indianapolis, April 7.—A number of candidates for places on the Republican state ticket spent Sunday in Indianapolis. They spent a part of the day lounging around the hotel and club corridors, but most of the time they were behind closed doors consulting with their lieutenants. The end of the campaign is now in sight, so it behooves the candidates to get into the running as much as possible. It is peculiar how much confidence is displayed by nearly every candidate. A few only can win as a matter of course, but to hear them all talk they are all winners. The next two weeks promise much excitement to the Republican politicians, as the candidates are pulling every wire possible. The party leaders, however, are gratified that so little bad feeling has been displayed. Every convention leaves its sore spots, especially where a nomination is considered as good as an election, but the indications are that the result of the coming convention will be accepted generally with good grace. The slate makers are busy. A majority seem to believe that Nat Hill is still in the lead for treasurer, and that the fight for auditor is between Martin and Sherlick, but there may be some surprises. Millikan, Dyer and Joel are all formidable as candidates for treasurer and Doran and Henry are making a hard fight for auditor and are by no means out of the race. The fight for attorney general to all appearances is between Miller of Goshen, Moore of Indianapolis and Dean of Marion, and Fields of Princeton a possibility. Bob Brown is regarded as the leading candidate for clerk of the supreme court. The arrangements for the convention will be made during the next few days, and it is bothering the committee how to provide sufficient room, as it is believed the attendance will break all records.

## It is understood that Senator Hanna

and President Schwab of the big steel trust—the man who is credited with receiving a salary of \$1,000,000 a year will not be able to attend the annual meeting of the National Association of Manufacturers here next week. Both are members and it is said are anxious to come, but cannot owing to other matters that demand their attention. The meeting of the manufacturers will be of much importance to the commercial world, as many of the well-known "captains of industry" will either be present or represented. The meeting will probably enact some resolutions urging the regulation of trade laws by congress. D. M. Parry of Indianapolis is vice president of the organization, and at the coming meeting will be elected president.

## The fact that Indiana has in the last

few years grown to be the third state of the union in the production of spirits is a severe jolt to temperance advocates, but it is a fact nevertheless. Ambrose Nowlin of Lawrenceburg, collector for the Lawrenceburg revenue district which comprises 59 Indiana counties vouches for the information and he is in a position to know. In his district the revenue collections annually now amount to \$3,000,000, while the Terre Haute district collects twice that amount. A few years ago Nowlin says his district collected but little over \$2,000,000 annually. The increase in production of spirits is remarkable and it has been going on so quietly that but few people indeed have realized the growth of the industry.

## The primary election commission

will have another meeting at the Commercial club here tomorrow night. The movement to frame a new law that will apply justly to the entire state is growing in favor and it is expected the attendance tomorrow night will be large. Chairman Addison C. Harris is receiving many letters from throughout the state commending the movement and he believes a sentiment is growing rapidly in its favor. At the meeting tomorrow night there will be a number of speakers from throughout Indiana who have had experience with primary elections.

## Shot By Angry Mother.

Terre Haute, Ind., April 7.—Mrs. Hannah Denny, widow of the late County Recorder Denny, shot Orma Marbray in the hand as he was kissing his wife good-by at the door, and fired on Mrs. Marbray's shoulder and lodging near the heart, giving her a narrow escape from death. Mrs. Denny says that Marbray had been calling on her daughter as a single man and had wronged her. Mrs. Denny was released in the police court on her own recognizance.

## Playing On the Tracks.

Greenfield, Ind., April 7.—Harry Brooks, an orphan aged 12 years, was killed by the cars on the Pennsylvania siding at this city while playing near the novelty works while a local freight train was switching cars on the siding.

## Trainman Mangled.

Plymouth, Ind., April 7.—Robert McKague, a brakeman on the construction train of the Pennsylvania railroad, slipped and fell under the train while switching here. Both arms, one leg and his head were cut off.

## Boys On a Strike.

Noblesville, Ind., April 7.—Fifty boys employed in the glass factory have struck for an increase in wages, and the plant temporarily closed down.

## WON AGAINST ODDS

Fierce Conflict Between Citizens and Elements of Air and Fire.

## A TOWN'S HEAVY LOSS

Chesterton for a Time Seems Doomed To Be Wiped Out By a Sunday Night Blaze.

Brave Bucket Brigade Is Finally Helped Out By Neighboring Fire Fighters.

## Chesterton, Ind., April 7.—

This town suffered a severe loss by fire last night, eight business houses and several dwellings being destroyed, at a loss of more than \$50,000.

For a time it seemed that the town was surely doomed. Chesterton has no fire protection and the high wind that was blowing at the time threatened the entire residence portion. Fortunately, however, there came a shift in the wind and it died down a bit, and by herculean efforts of the residents, everyone of whom volunteered services, the flames were gotten under control and the ravages of the fire stopped.

The place has no system of waterworks, and the blaze got away from the bucket brigade's efforts. Assistance was called for from Michigan City and La Porte, both of which towns responded. A steamer from Michigan City was on the scene in an hour and pumped water from Coffee creek. The firemen, assisted by every man, woman and child in the threatened village, had a terrific fight, but won.

## OFFICERS ELECTED

### Indiana Teachers Close Two Successful Meetings.

South Bend, Ind., April 7.—The Northern Indiana Teachers' association at its closing session here selected Richmond as the place for holding the next convention. The following officers were elected for the ensuing year: President, D. A. Lambright, Kendallville; vice president, Russell K. Begood, Lafayette; recording secretary, Miss Adelaide Baylor, Wabash; railroad secretary, D. A. Ellsberger, Richmond; treasurer, W. A. Millis, Crawfordsville; chairman of the executive committee, George L. Roberts, Frankfort.

## Bloomington, Ind., April 7.—

At the closing session of the Southern Indiana Teachers' association the following officers were chosen: President, C. M. McDaniel of Madison; vice presidents, Miss Arda Knox of Bedford and J. T. Tilly of Brazil; treasurer, W. D. Keith of Knightstown; secretary, Miss Fannie Watts of Jeffersonville; executive committee, A. E. Humke of Vincennes, M. W. Deputy of Vernon, H. C. Woody of Greencastle, C. E. Meek of Lawrenceburg, and F. S. Mergenthaler of Rockport. The meeting next year will be held at Vincennes.

## Another Suspect.

Warsaw, Ind., April 7.—Joseph F. Brown, a saloon keeper of Packerton, Kosciusko county, was arrested by Sheriff Smith and brought to the jail here Saturday night. Brown is charged with being one of the men who attempted to rob the Kinsey bank at Claypool on Thursday morning. He is the second suspect now in jail here on that charge, the other being Ernest R. Hall of Markle, Ind.

## Wolves Are Numerous.

La Porte, Ind., April 7.—The residents of the townships bordering the Kankakee river in this county have petitioned the county commissioners to place a bounty of \$100 upon wolf scalps. Wolves have killed large numbers of sheep, hogs, cattle and poultry within the last six months, the depredations warranting decisive action for the extermination of the wild animals.

## Veteran Editor Dead.

Rochester, Ind., April 7.—Thomas Major Bitters, for nearly 29 years editor of the Rochester Daily and Weekly Republican, is dead, aged 66 years and six months. He was one of the veteran Republican editors of Indiana. Death was due to congestion of the liver and followed a very brief illness.

## Tank of Oil Exploded.

Vincennes, Ind., April 7.—Harding & Son's immense electrical ditching apparatus, at work completing the Cain ditch in Vigo township of Knox county, was blown up and consumed by flames Saturday night as the result of an explosion of a tank of oil. The sleeping crew of 16 men was thrown

## Embezzlement Charged.

Crawfordsville, Ind., April 7.—C. S. Cook, former proprietor of the Robbins House of this city, was arrested Saturday afternoon on a charge of embezzlement preferred by the McCormick company of Chicago, for whom he has been collector. He is charged with having made away with \$2,000.

## Work of Professionals.

Portland, Ind., April 7.—The Bank of Pennville at Pennville, 12 miles from Portland, was burglarized, the cracksmen escaping with their booty, \$3,200, without leaving the least tangible clue behind. The work evidently was done by professionals.

## SHOCKING ACCIDENT

### More Than a Score of Persons Killed At Football Game.

Glasgow, April 7.—The casualty list of the Ibrox Park disaster, when a number of persons were killed or injured by the collapsing of a spectator's stand during the international football match Saturday afternoon between England and Scotland have been completed. They eclipse all the reports and estimates of the casualties which were current at first.

The disaster has resulted in the death of 21 persons and the injury of 250. Nearly 200 of the latter were so seriously hurt that they were taken to infirmaries for operations and treatment. One hundred and fifty of them still remain in the infirmaries. A large proportion of the injured had limbs broken, bodies crushed and mangled and heads and faces gashed. Several more deaths will undoubtedly result from the most critical cases of fractured skulls.

The action of the authorities at Ibrox Park in averting a more general panic by permitting the game to proceed, while they encouraged the impression of the crowd within the enclosure that the accident was not so direful, is now generally commended. The incongruity of the yells of applause mingling with the groans of the struggling sufferers will never be forgotten by those who witnessed the scene at the rear of the terrace.

## FAR REACHING

### Will Be the Effect of Meeting of United Mine Workers.

Indianapolis, April 7.—The national executive board of the United Mine Workers of America began a meeting here this forenoon that will consider questions of importance to nearly 300,000 miners and to interests in which millions of dollars are invested. It will probably be the most important meeting of labor men since the national board of the Amalgamated Association of Iron, Steel and Tin-Plate Workers met in Pittsburgh several months ago during the strike with the great steel trust. The most important question to be considered by the miners' board is the impending strike in the anthracite region of Pennsylvania, where 150,000 will be called out within the next three weeks if the National Civic Federation does not effect a settlement in the meantime. The board while here will probably make provision for the strike, whether or not the men are ever called out to enforce a settlement. It also looks as if the board will have to help settle the trouble between the block coal miners and operators of Indiana, who have had trouble in reaching an agreement. The board may be here for nearly two weeks.

## GOVERNOR IS FIRM

### Lawless Whites in Oklahoma May Get a Backet.

Guthrie, O. T., April 7.—April 6th, the last day set for the negroes to remain in Lawton, Okla., passed with no direct attacks on the colored people, but developments are awaited with ominous silence. Many of the negroes have left, stating that they were not able to receive protection. A number, however, are determined to remain. Some own property and some are in business, and it is this class that is dividing the sentiment of the white people of the city and vicinity. The county officials still expect trouble and have organized matters as well as possible to preserve order. One hundred deputies have been sworn in and an attempt will be made to control the situation, however serious it becomes. It is the business element of the city that is asking protection from mobs. The governor states that if necessary he will use extreme means to thwart any lawless action and he has the proffered assistance of the federal authorities also.

## Good Health

Is doubtless the highest human good. It is especially so to women, to whom it means the preservation of beauty, happiness in the home, and the enjoyment of social duties. There can be no good health for a woman who suffers from womanly diseases. Her complexion fades, her flesh loses its firmness, her eyes are dull, she has no home happiness, no social enjoyment.

## Doctor Pierce's Favorite Prescription

cures the diseases which destroy the health. It establishes regularity, dries disagreeable drains, heals inflammation and ulceration, and cures female weakness. It gives good health to women, which means tranquil nerves, a good appetite and sound sleep.

## "I was a great sufferer two years ago with

female trouble and I wrote to you for advice," says Mrs. Mattie Hays, of Tribulation, McDonald Co., Missouri. "You outlined a course of treatment for me. I followed your directions, and now feel like a different person. I never expected to hear from you when I wrote to you. In three days after I commenced taking your medicine I began to feel better. I took twenty dollars' worth of the 'Favorite Prescription' and 'Golden Medical Discovery.' I bought it five dollars' worth at a time, and also four vials of Dr. Pierce's Pellets. I would not take one thousand dollars for the good the medicine has done me. I can't praise it enough. I wish all who suffer with such troubles would give Dr. Pierce's medicine a fair trial. I can work all day—doing anything, walk where I please, and feel good. Many thanks to you for your kind advice."

Besides a capital assortment of fiction, McClure's Magazine for April contains an article of exceptional interest on "The Overworked President," by Lincoln Steffens. In form a straightforward narrative of a day passed at the White House, it is a telling arraignment of the system that subjects a great part of the President's working day to a ceaseless harassment of trivial interruptions, and it should materially influence public opinion to support the reforms which are already contemplated in Washington.

Instruct your druggist to send you the genuine Rocky Mountain Tea made by Madison Medicine Co. If he says he has got something just as good, tell him to keep it. See! Ask your druggist.

In reply to inquiries we have pleasure in announcing that Ely's Liquid Cream Balm is like the solid preparation of that admirable remedy in that it cleanses and heals membranes affected by nasal catarrh. There is no drying or sneezing. The Liquid Cream Balm is adapted to use by patients who have trouble in inhaling through the nose and prefer spraying. The price, including spraying tube, is 75 cents. Sold by druggists or mailed by Ely Brothers, 56 Warren street, New York.

A footnote to civil war history of quite unique interest is contributed to the April number of McClure's Magazine by Captain W. R. Prentice in his paper, "On the Dry Tortugas: Stories of Military Prisoners and of the Lincoln Conspirators." The military prisoners were, of course, Union soldiers committed for breaches of discipline and desertion. Captain Prentice was put in command of the garrison directly after the war, and naturally has many stories to tell of the prisoners—some humorous, some pathetic. But the article is chiefly important for what he has to say of the famous "Lincoln Conspirators"—the four men, Mudd, Arnold, Spangler and O'Laughlin, convicted of complicity in Lincoln's assassination.

**Beware of Ointments for Catarrh that Contain Mercury.**

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

**A WORLD WIDE VICTORY.**

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

## Rheumatic Warped Limbs.

To suffer the most excruciating pains, to lose the use of limbs, and to have the joints swollen and disfigured is the lot of the victim of rheumatism.

Uric acid in the blood is the cause of rheumatism. If the kidneys are active, they remove the uric acid. That is their special work. If, on the other hand, the kidneys are deranged, there is sure to be uric acid in the blood and rheumatic pain through the body.

No amount of liniment will ever cure rheumatism. It sometimes relieves, but cure can only be brought about by setting the kidneys right.

The most effective kidney remedy known to man is Dr. A. W. Chase's Kidney-Liver Pills. They cure

rheumatism permanently by making the kidneys active in their work of removing the uric acid from the blood.

Mr. William J. Coad, No. 65 Brunson Street, Oswego, N. Y., writes: "I am very glad to praise Dr. A. W. Chase's Kidney-Liver Pills, and tell what they have done for me. I suffered for many years with severe constipation, rheumatism and kidney trouble, and could get no relief until I tried Dr. A. W. Chase's Kidney-Liver Pills. In them I found immediate relief, and can honestly recommend them to other sufferers."
